**GLOBAL AND LOCAL STRATEGIC PARTNERS COME ABOARD
YOUTH^x TO POWER UP YOUTH PASSION**

Gear up for an exciting July as the National Youth Council (NYC) brings together over 40 international and local strategic partners through YOUTH^x, a new youth-month campaign to celebrate youth passion, aspirations and their contributions to society.

3P partnership sets the stage for youths to dream big

2 YOUTH^x, an upsized celebration of youth, is a result of a 3P (People, Private, Public) partnership, both international and local, that brings together three key youth platforms - SHINE Festival, Hyperplay and GetActive! Singapore. These platforms celebrate youths in different ways to help young people pursue their diverse interests and passions with purpose. With Singapore helming the ASEAN chairmanship this year, YOUTH^x will spotlight an ASEAN flavour across its diverse offerings.

a) SHINE Festival

This year's SHINE Festival which is supported by global and local brands inspire youths to pursue their dreams through media, music, esports, sports, dance programmes, as well as other fringe activities. These include a variety of promotions, interactive booths and installations that showcase the works of youths and their entrepreneurial spirit. The festival which is into its 13th year, will be held for the first time at Singapore Sports Hub from 4 to 5 August 2018.

b) Hyperplay

Ministry of Culture, Community and Youth (MCCY) and NYC have for the first time partnered Riot Games and MTV Asia to present Hyperplay, Singapore's first-ever ASEAN integrated esports tournament and music

festival. Hyperplay will unite youths from all 10 ASEAN countries at the Singapore Indoor Stadium for an all new gaming experience.

c) **GetActive! Singapore**

As part of GetActive! Singapore 2018, there will be a series of unorthodox sport activities organised at the Singapore Sports Hub to bring out the youth in everyone. Starting from 28 July, everyone can try bouldering or parkour while also taking part in action-packed laser tag and Virtual Reality (VR) e-sport challenges. There is also an Inclusive Sports Festival taking place for people of all abilities. This event will make YOUTH^x a truly exciting event for all.

Youths hinge on YOUTH^x platforms to take charge of their passion

3 With YOUTH^x, youths will have greater empowerment to pursue their dreams, put their best foot forward and do good for the community through the line-up of activities and programmes this youth month:

a) **Getting more out of cross-border mentorships**

Youth protégés aspiring to thrive in the arts, music and media scenes are making the most out of the **SHINEx *SCAPE Talent Development Programme** to hone their skills and grow their talents. This year's mentees will for the first time work with international professionals such as Joe Flizzow (Rapper from Malaysia) and Trevor Takemoto (Dance choreographer from US). This cross-border mentorship is set to help them broaden their outlook and build connections beyond the Singapore shore.

b) **Taking off the beaten career path for passion**

Newly crowned Champion, Team Sovereign, is making headway in esports as they defied odds and expectations to claim the national title at the Singapore leg of **Hyperplay**. Team Sovereign comprises six aspiring esports athletes aged from 19 to 22. They are Chen Yihui 'Eternal' (19), Alex Tan 'Shinsekai' (20), Dominic Loh 'Arykelic' (20), Kenneth 'Quake' Chan (20), Jordan 'Kusuo' Lum (22) and Leonard 'OMO' Loh (21).

The team hopes to help pave the way for other aspiring esports gamers to pursue esports as a career option as the industry matures. They will pit themselves against winners from the rest of the ASEAN countries in 'League of Legends' to stake claim for overall title at Hyperplay weekend.

c) **Leveraging on the *National Youth Fund (Youth Month Edition)***

Ahead of YOUTH^x, youths with the entrepreneurial spirit have already made use of the special Youth Month Edition of the National Youth Fund

(NYF) to help make their aspirations in making a difference in their community a reality.

A project recently funded is the Original Comics Festival organised by youth for youth. The festival which runs throughout July, aims to encourage youths to create original content by providing opportunities for young aspiring creators to learn from industry veterans. New talents will also be given the chance to undergo the Pura Comixmag mentorship in their pursuit of becoming a comic artist.

d) Raising awareness on social issues through **Youth Conversations**

Youths will voice their thoughts about their passion and issues they care about in the upcoming Youth Conversations happening this YOUTH^X. Through Youth Conversations, they will have the chance to connect with their peers and experiment with ideas for change, and with relevant agencies to bring their ideas to reality.
